

Chapter- All at sea(pg12-13)

Listen to the audio recording shared by the teacher. Try to solve the following pages and learn the difficult words.

## All at sea

The world of seas and oceans is fascinating—vast, beautiful, and rich in marine life. To learn more about oceans, read the clues and find the answers in the word grid given below.

Q	M	A	U	S	T	R	A	L	I	A	M	R
P	A	C	I	F	I	C	L	S	V	N	E	T
W	R	T	Y	U	I	O	P	E	C	N	D	Y
E	I	X	V	B	N	M	G	A	S	M	I	U
R	A	A	S	D	B	L	A	C	K	B	T	I
T	N	W	Q	G	E	R	Y	U	S	W	E	O
Y	A	T	L	A	N	T	I	C	R	E	R	S
U	T	T	I	E	I	S	D	U	Y	T	R	Y
I	R	Y	L	D	U	D	G	M	U	L	A	T
O	E	D	K	G	H	G	H	B	A	Y	N	R
P	N	E	Q	A	Y	J	K	E	H	K	E	E
A	C	Z	X	C	V	B	N	R	F	D	A	W
S	H	C	A	S	P	I	A	N	A	S	N	X

**Titbits**  
The Great Barrier Reef, measuring approximately 2,012 km, has been characterized, somewhat inaccurately, as the largest structure ever built by living creatures.

- This is the largest ocean on earth. \_\_\_\_\_
- This ocean lies between the continents of Europe and Africa on one side and South America and North America on the other. \_\_\_\_\_
- This continent is famous for the Great Barrier Reef. \_\_\_\_\_
- It is the largest inland waterbody on earth. The sea is bordered by five countries. \_\_\_\_\_
- The deepest known point on earth is found in this part of the ocean. \_\_\_\_\_
- This sea is located in Southeast Europe. Its bottom layer contains almost no life. \_\_\_\_\_
- This is part of a sea or large lake, partly surrounded by a wide curve of land. \_\_\_\_\_
- These animals are called the vacuum cleaners of the sea. \_\_\_\_\_

Match the names of these sea animals to their pictures, by writing the correct answer options in the boxes provided.

-  a) jellyfish
-  b) walrus
-  c) manta ray
-  d) shark
-  e) squid
-  f) seahorse
-  g) dolphin
-  h) sea anemone
-  i) sea lion
-  j) octopus
-  k) seal
-  l) blue whale

**Titbits**  
The mudskipper is a completely amphibious fish. It can live on land for a long time, though it must go back into the water occasionally. It can even use its fins to 'walk' on land!
