Read the passage given below and answer the questions that follow:

When we enter New York harbour, the first thing we see is the Statue of Liberty. The Statue of Liberty was a gift from the people of France to mark the one-hundred-year anniversary of American Independence. In 1869, sculptor Frederic Auguste began to plan his concept for the monument. He chose the look of classic Greek and Roman figures. He envisioned Liberty as a strong and proud figure, one who personified not only the majestic Greek goddesses of the past, but also the working men and women of the present. Finally in 1884, the work was finished and Liberty was packed into 214 crates and sent to New York City and on 28th October 1986, Americans celebrated the unveiling of the Statue of Liberty.
