**At GTB 3rd
Centenary Public
School, our earnest
endeavour is to
sensitize the
students to the
condition of the
underprivileged
and inculcate social
awareness in each
child.**

**For this purpose we
take up, a
Community Welfare
Project every year.
This year also, the
students
wholeheartedly
contributed to
render help to the
needy and destitute
people.**

**On 8th Nov, 2024,
a group of students
along with teachers
visited the Earth
Saviours Foundation
and interacted with
the old and
abandoned people
and also with
physically and
mentally challenged
people.**

**They served them
tea and breakfast.
The joy and warmth
was evident as they
shared laughter with
them.**

**They donated a bed,
wheelchairs and
rations for the
inhabitants of the
Earth Saviours
Foundation.**

The visit was an eye opener and the students gained an invaluable experience.
