Write a short paragraph on Delhi metro .

Delhi Metro has changed the way people travel within Delhi. With the arrival of Metro, travelling from one place to another has become joyfully exciting, fast, noiseless, dust free and absolutely dependable. It has brought great relief from traffic.

Delhi Metro is a world-class metro. It is one of the few metro systems serving Delhi and even Gurgaon, Noida and Ghaziabad region in the National Capital Region of India. Delhi Metro is the world's thirteenth largest metro system in terms of length.

Delhi saw a major population explosion. Commuters took to private vehicles which increased the traffic as well as pollution so pollution free Delhi metro was introduced.

The first line of Delhi Metro was inaugurated by the then Prime Minister Atal Bihari Vajpayee on 24th December, 2002 reducing pollution levels in the city.

With the increasing association with Delhi as an image of the city's everyday life, it became a popular filming location for films like Delhi 6', 'Paa'.
