**GURU TEGH BAHADUR 3RD
CENTENARY PUBLIC SCHOOL,
MANSAROVAR GARDEN** in association
with **AVAS** is providing the opportunity to
learn Abacus and Vedic Maths to all the
students. The classes are conducted by
professional teachers.

Abacus - Skill Development Course

Abacus is a Brain Development Program which helps in overall development of the brain resulting in better creativity, concentration & confidence of the child. Abacus also imparts better techniques to do faster calculations.

Vedic Maths - Skill Development Course

Vedic Maths is an ancient technique to perform tedious calculations within seconds for students. It reduces time taken for calculations & removes the possibility of silly mistakes in the calculations. After learning Vedic Maths your child will be able to do problems like H.C.F., L.C.M., Square root, Cube root etc, in seconds.
