Lesson:-5 (The Speaking Trees)

1) Answers the following questions:-

Q:-1) How do we come to know that the trees lived happily in the Green Forest years ago? Mention any three points.

Ans:- We come to know that the trees lived happily in the Green Forest because the air was clean, birds were singing in the forest and the stream was clear and clean.

Q:-2) Who were part of their big family, according to the Pine Tree?

Ans:- According to the Pine Tree, their big family included plants, birds, animals and human beings.

Q:-3) How do vehicles increase air pollution?

Ans:- Vehicles emit toxic gases that increase air pollution.

Q:-4) Why do trees need to send their roots further down the soil?

Ans:- Trees need to send their roots further down into the soil because the water table has gone down as there is more demand for water.

Q:-5) What did the old man plan to build in the forest area?

Ans:- The old man planned to build multi-storeyed apartments in the forest area.

Q:-6) What facilities would be provided in the apartments built on the forest land?

Ans:- The apartments would have a club, a pool, a gym and water and power support.

Q:-7) How did the environmentalists plan to save the Green Forest?

Ans:- The environmentalists planned to save the Green Forest by obtaining a court order to stop the construction.
